Subject: Updated Draft Early Guidance Memo for TSCA 6(h) NPRM on PBT Chemicals
Attachments: DRAFT2.0-San6015_PBTs-TSCA6h_NPRM_EGMemo_2017-11-15.docx

Good morning,

In follow-up to this morning's IO Huddle, I am pleased to provide the electronic copy of the updated draft of the early guidance memo (I took the liberty of making a few typographical corrections to the hard copy version you received during the meeting). I worked with the OPPT leads in NPCD and CCD to address your initial comments, as relayed by Charlotte.

If this draft is satisfactory, the next step is to seek a quick workgroup review (1-2 workdays) to confirm that the workgroup members are on the same page. We'll let you know ASAP if there are any WG issues or otherwise present the final memo for signature shortly thereafter.

Best,
Peter
